Larry and Katie -

My apologies for missing Larry's email yesterday morning. I have been focused on Gold King Mine release work here in Colorado since late last week. As you know, Art made plans to accompany Deb Thomas, based on Larry's message last week about the larger meeting size.

When I saw Larry's email this evening, I contacted Deb and Art. We've decided that Deb will be EPA's sole representative at Friday's Williston meeting.

Thank you,

Suzanne
